Your friends have turned off their iPhones.  
Your crush is grounded for weeks.  
It's two a.m. on a school night.  
Please go the fuck to sleep.

*Oh man, Mom, I just can't do that.  
The price is like way too steep.  
The fun doesn't start til midnight.  
I just can't go to sleep.*

You know you have class in the morning.  
You have tests that you must complete.  
Your brain needs rest to develop.  
Turn the damn light off and sleep.

*But first-person shooters are waiting.  
Friends expect me in Rainbow Six Siege.  
Renown does not earn itself, mom.  
So yeah, not going to sleep.*

These people are not your "friends," son.  
They're likely some weird old creeps.  
They just want into your pants, boy.  
Turn off the dumb game and sleep.

*You're wrong, they are my best friends, mom.  
And I know them more than you think.  
I have their phones and their emails.  
We FaceTime at night while I "sleep."*

You gave your number to strangers?  
Good god, son, do you not think?  
How do you know these aren't felons?  
They could murder us while we sleep.

*Shut up mom, they're not going to kill us.  
These people are friends, not freaks.*

*But I'll turn off the game to please you.  
Whatever, I'm going to sleep.*

Thank you, son, truly thank you.  
Sweet dreams and enjoy counting sheep.  
You'll feel better with lots of shut-eye.  
Eight hours of very deep sleep.

*HAHA, the sucker, she bought it.  
She thinks I'm really asleep.  
But I'm still on Finsta and Snapchat.  
Dumbass!*
